# Caution Concerning Forward Looking Statements

Certain statements made today, including comments about World Fuel's expectations regarding future plans, performance and acquisitions are forward-looking statements that are subject to a range of uncertainties and risks that could cause World Fuel's actual results to materially differ from the forward-looking information. A description of the risk factors that could cause results to materially differ from these projections can be found in World Fuel's most recent Form 10-K and other reports filed with the Securities and Exchange Commission. World Fuel assumes no obligation to revise or publicly release the results of any revisions to these forward-looking statements in light of new information or future events.

This presentation includes certain non-GAAP financial measures, as defined in Regulation G. A reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measures is included in World Fuel's press release and can be found on its website.
